

Youth Empowerment Fund (Grants)
Host climate conversations to engage citizens and industry

Board of Directors
They want to expand the board of directors since they have so many

Spark climate action
- Community conversation
- Events
- Newsletter
-

Community Focused

Do
- Repair cafe → fix whatever people want
- Monthly blogs through the newsletter
- Recycle Materials

Likes
CalgaryClimateHub
Website

Resource directory
Client wants a resource directory where you can search news, blogs, research, educated resources from the newsletter

Acknowledge volunteers
Add a photo and some information about each volunteer.
Maybe include contact information so viewers can reach the volunteers if they want to.

Climate Change Environment Hype

Combine Websites

Booking Concern

Repair Cafe
- Fix whatever people want

Recycle and Reuse
- Fix stuff using readily available materials

Booking System
The current booking system is bizzarre.
It needs more client info collected.
To fix booking conflicts with volunteers. No time overlaps
There should be booking rules

Website
should be simple and easy to navigate.
Should have visuals and be engaging not just text-based.

Be a Hub

Website is too text heavy

Wants to highlight Volunteers, give them acknowledgement

Connect citizens to the relevant organizations and individuals for their specific issues (contact us)

Wants to bring People together

Donation Fund
For easy donations, we can add a 'donate now'

Searchability for Newsletters

More Appealing Visual Design

Visuals are IMPORTANT
